Crime and Law Enforcement

1. What do you think about the use of force by police? What and when is appropriate and what and when is not? *

I think the use of force by police has been historically bias. So many have lost their lives because of a fateful event with the police and because of who they are, to the police their value was lowered the moment the cop laid eyes on them. Usually nothing is appropriate with the type of force used in these situations. There's literally thousands of examples

7. Optional: explanation of your responses to questions in this section (please be concise)

For capital punishment (e.g. the death penalty) I do believe that there are cases that warrant this. Usually horrible crimes against children and known serial killers. I think it's important to remember that Lessing the justice can seem like a disrespect to the families seeking it. It's not about us its about the victims and their loved ones.

I am not familiar with public banking and need to understand it more before truly committing to an answer. My apologies

Current Labor Issues

1. Do you support a California “living wage”? How? *

Yes, as someone who lives pay check to paycheck (barely) our income should be compatible with our cost of living.

2. List 3 ideas to reduce the price of shelter in your community? *

Rent control ideas for renters, reduce parking mandates in favor of smaller units, adding lower cost units

3. What do you propose to protect renters in your community? Please comment on laws/acts, such as Costa Hawkins and others, to be repealed, and added/legislated? *

Rental control laws, safe housing standards(E.g. just-cause evictions) and legal regulations

4. Do you support the repeal of all laws that criminalize or punish homeless people? *

- (●) Yes
- ( ) No

How do we provide/develop more affordable and low-cost housing? In your community and in California? *

I think that we must first have the same understanding of what is considered “affordable” and develop houses that would accommodate that income level in my community. In CA this area is not over seen by anyone with modest means. Regular people are forced to leave based on the lack of affordability

Education (How do we provide affordable and quality education and childcare?)

1. Do you support charter schools? *

- ( ) Yes
- (•) No

2. Should charter schools be at no cost and unionized? Please use examples in your community.

I think charter schools should be at no cost but I cant imagine how that would be considering they already take moneys from public schools. I think the workers being unionized sounds interesting but I will need to do more research on this part of the topic

I support all of these

I will advocate to protect and preserve our environment no matter what the government is doing

2. What do you think is the most critical environmental issue? In your community? *

We have wetlands here so the raising water affects our waterfront, we are also surrounded by refineries which has been out of compliance and negatively affecting our air quality

3. Do you support community and government oversight in the approval of and the construction of data centers for corporations? *

- (●) Yes
- ( ) No

- ( ) No

2. Will you uphold the Voting Rights Act? *

- (●) Yes
- ( ) No

3. Do you support universal mail-in ballots? (such as was used for Prop 50) *

- (●) Yes
- ( ) No

4. Optional: explanation of your responses to questions in this section (please be concise)

US Foreign Policy – National Issues Affect Local Positions

1. Do you support the international campaign of BDS (Boycott, Divestment, Sanctions)? *

- (●) Yes
- ( ) No

2. What should the US policy be on Palestine/Israel? *

I think that the US needs to evaluate its values period but considering that the US is paired with Israel there really isn't a way to have any good faith policies on this conflict with Israel's enemies. Not only is the bias is too strong but they choose a side already

3. Do you agree with the current economic sanctions? *

no

4. What are your views on the tariff policy?

I think that we are in a different time globally. These tariffs that put hardships on other countries forced them to evolve to defer to other countries and start working with them instead. Ultimately these policies hurt us more then anyone else

Anything Else?

1. Thanks for your time and thoughtfulness. Is there anything else we should know? *

Not at this time thank you
